

Sainsbury's Supermarkets Ltd

Feasibility and Development Programme

architects
project managers
cost consultants

JLA were appointed as a key member of the design and feasibility programme for the Sainsbury's convenience development team, to develop and establish a greater share of the retail food convenience market.

The JLA team have extensive and proven abilities within the convenience food sector, providing a full and comprehensive consultancy service from initial feasibility, through to site acquisition, and eventual on site development.

This is a fast moving sector, with high client expectations and demands, which JLA respond to and support throughout the whole development process.
